

Basic Scheduled Waste Management

Empower Your Team with Essential Knowledge and Skills for Compliance in Scheduled Wastes Management as DOE Requirements

In Malaysia, proper management of scheduled waste is a critical environmental responsibility for industries. This 1-day course provides comprehensive training on the safe and effective management of scheduled waste, ensuring that your business complies with the Department of Environment (DOE) Malaysia regulations.

Whether delivered physically or online, our training is designed to give participants the skills and knowledge necessary to handle, store, and dispose of scheduled waste safely and legally.

Under **Regulation 15, EQ(SW) Regulation 2005** industries must **train all staff involved in scheduled waste management**. This training must be conducted **regularly** and **records kept** for DOE inspection.

Sending staff for this training helps you:

- Stay **compliant** with legal requirements
- Reduce **environmental and operational risks**
- Avoid **finest or enforcement actions**

Course Objectives

Participants will:

- Understand DOE Malaysia's scheduled waste regulations
- Learn to identify scheduled wastes using the First Schedule
